

About our Campus

The Board of Education of Washington County gratefully acknowledges the generous assistance of local, state, and federal agencies, and cooperation of many individuals without whose foresight, encouragement, and help this campus could not have been constructed.

Claud E. Kitchens Outdoor School at Fairview was designed to serve the educational, recreational, and inspirational needs of citizens in the area now, and in the future.

Please treat the site and the facilities with a respect that assures a legacy to those that will come after us.
